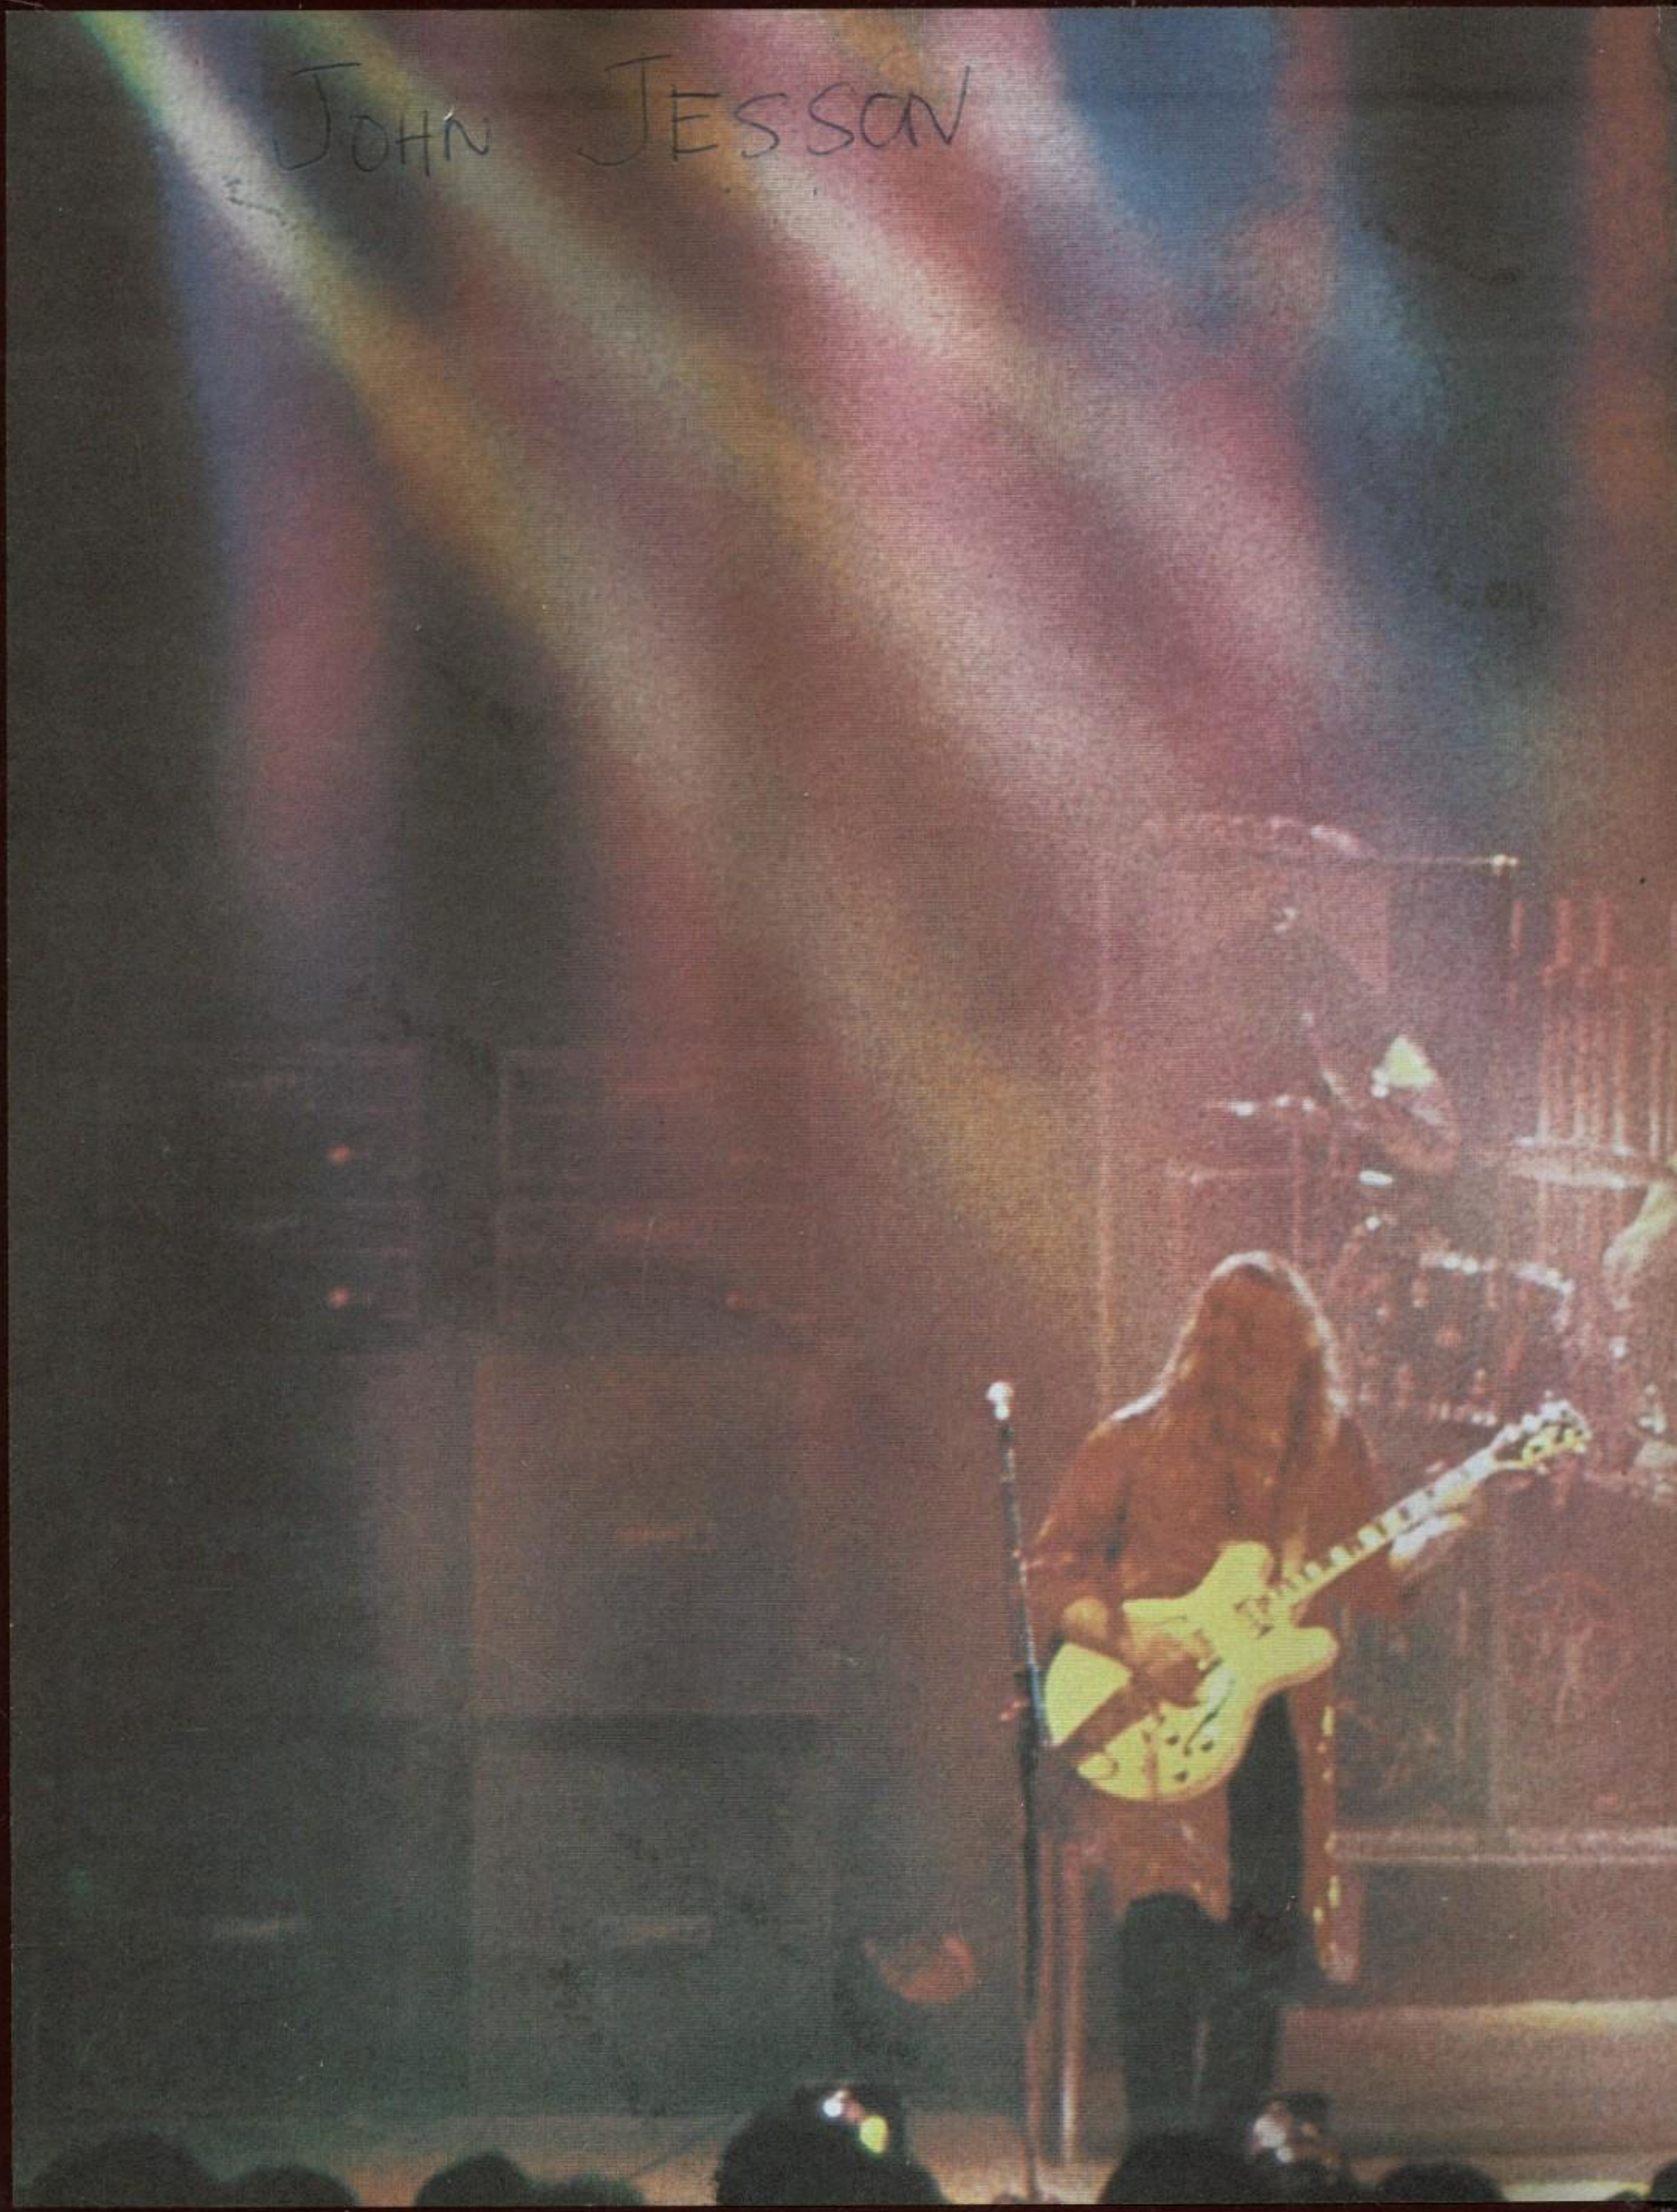
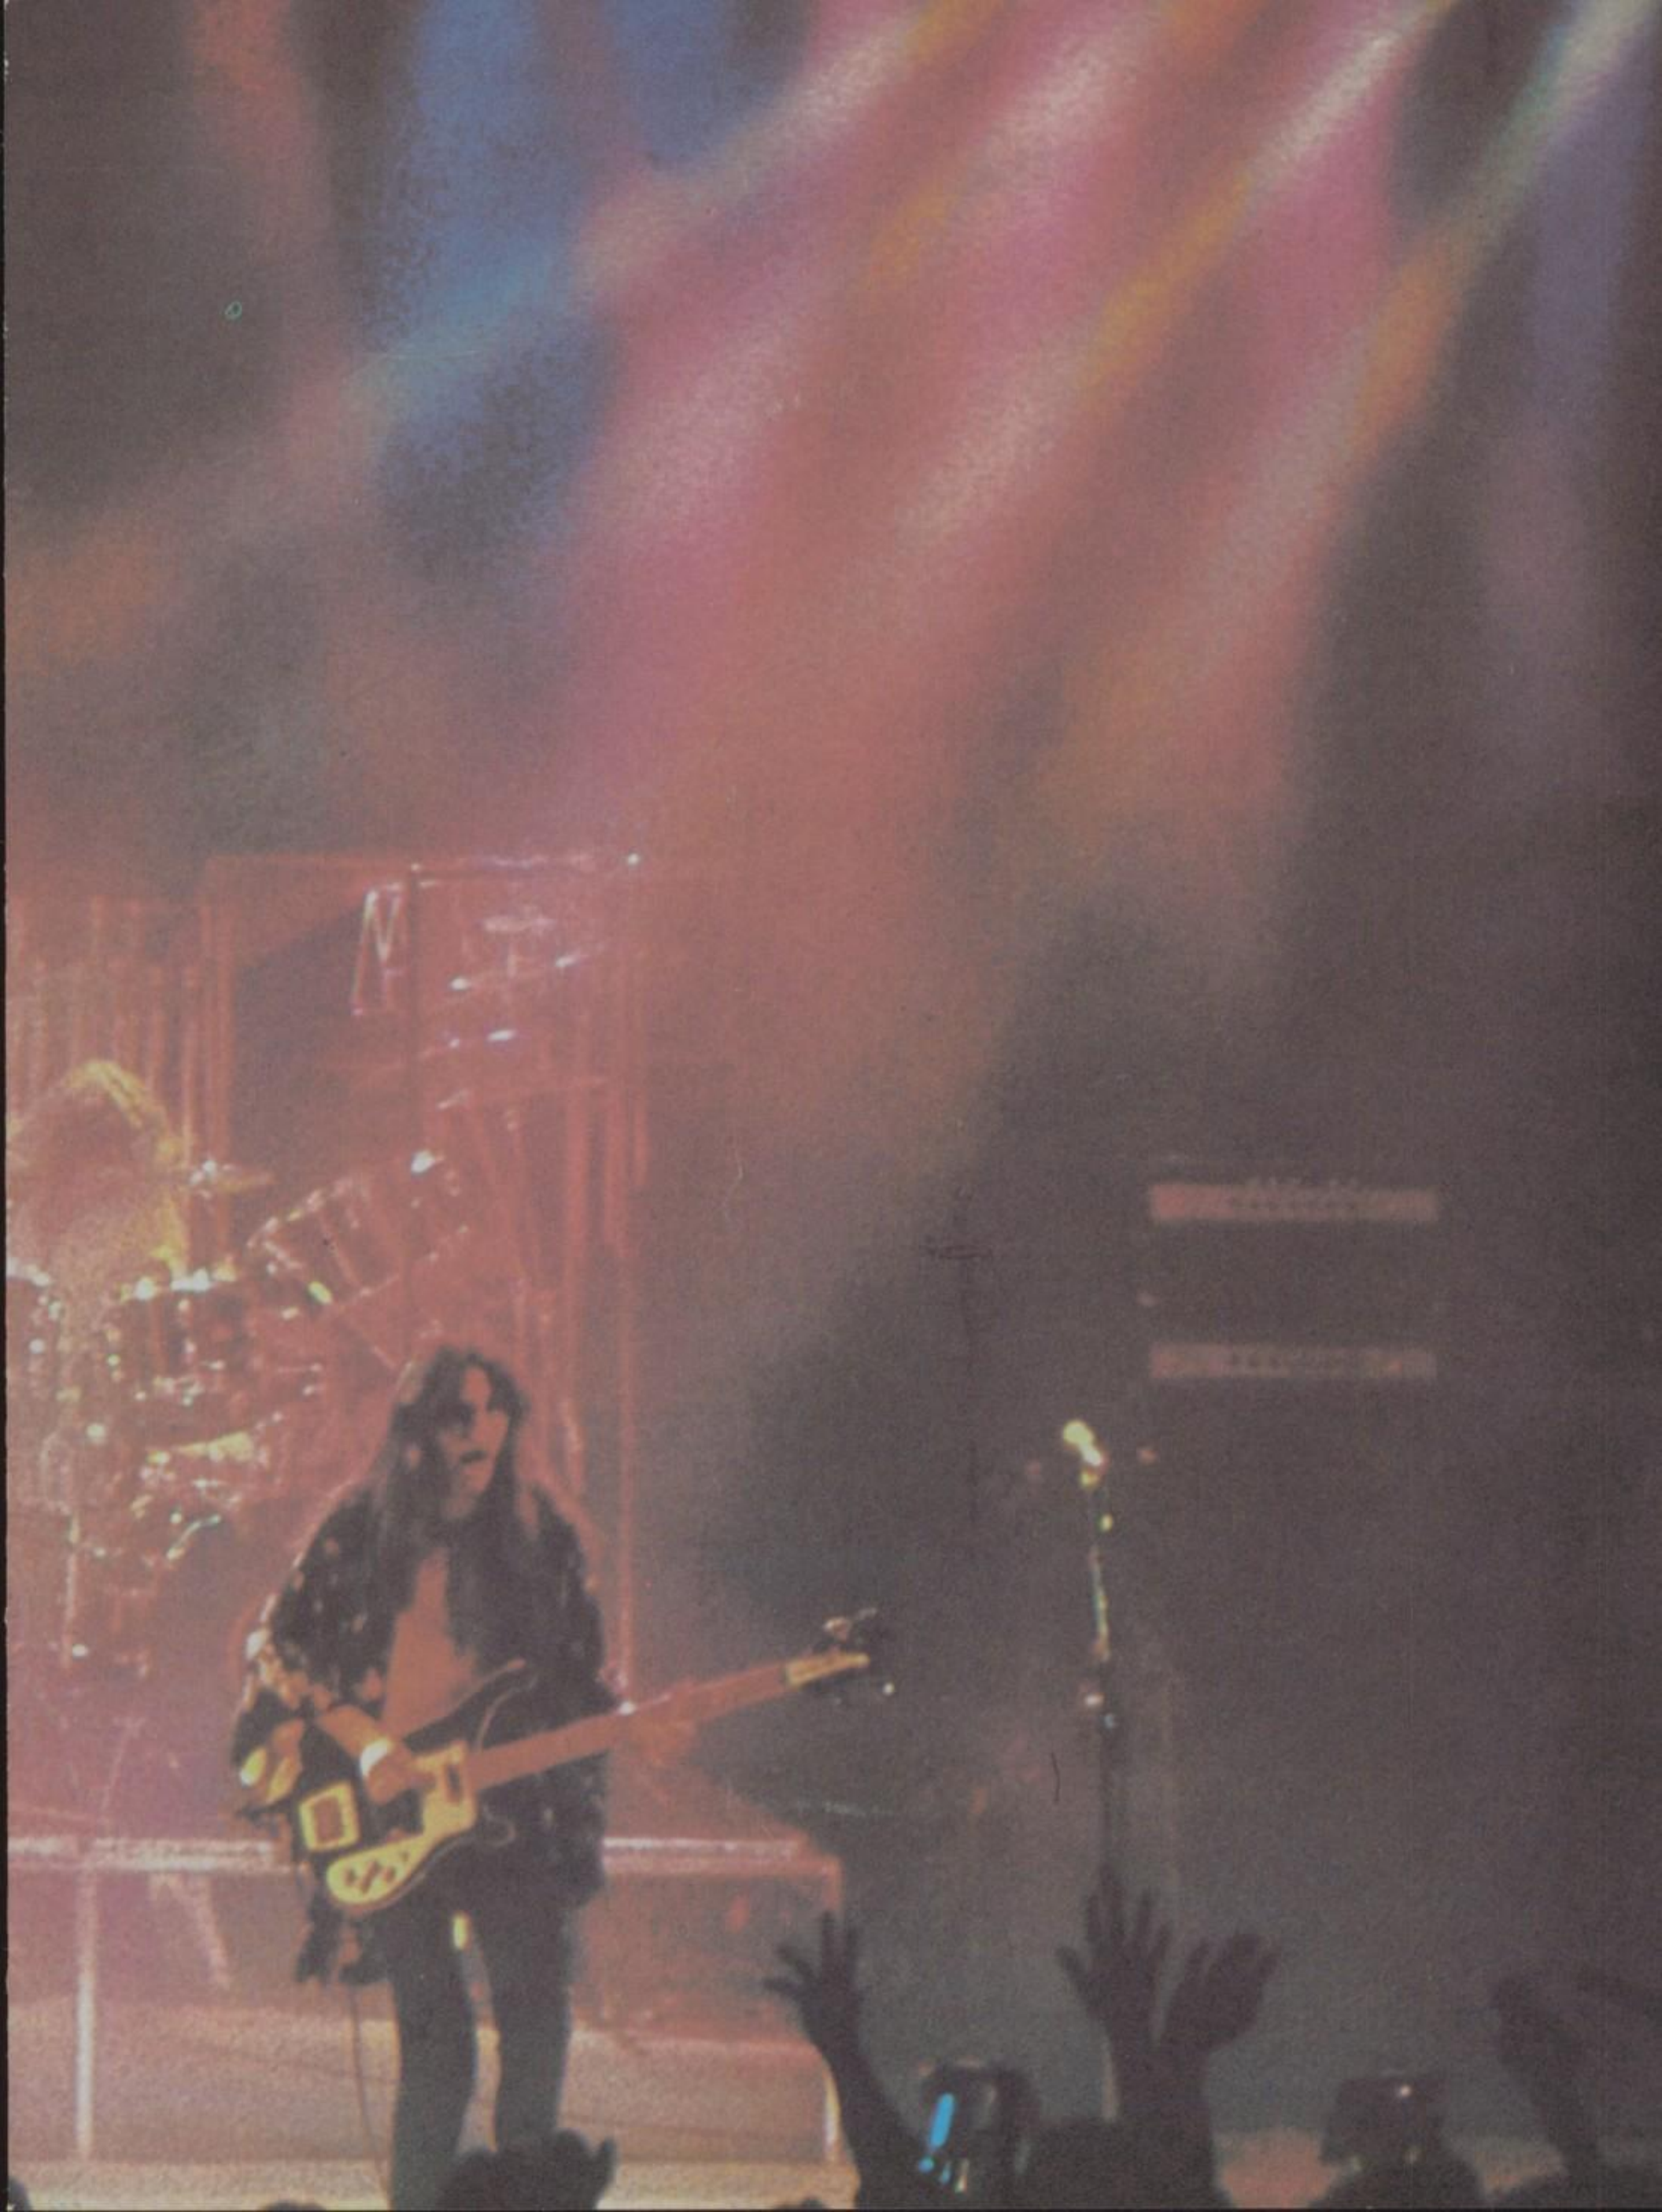
JOHN JESSON





John.

You're the most strange person I've ever met, but I won't tell you what. It's just you are unique in a way, that's all. I hope you be really successful in life, be the President of some big company, and then give me a job as a janitor or something. I've to tell you why you're strange; you're a little bit deformed, that is all, but don't feel too bad.

John,
I really can't believe that I never met you before this year. I really wish that we had. From what I do know is that you're one nice looking guy with an excellent mind and personality. Thanks for all you've done to help me in Government. You may not realize something but you've helped me more than I can say. I heard you're getting married so may you lead a life of complete happiness. Good luck in all you do!
April A.

John - we never really got the chance to get to know eachother good but from what I've seen - you are a really nice person! Please take care of yourself & good luck always
love -
Diane Golden

Please remember me always, John. You mean a lot to me. Good luck! Love always Tina

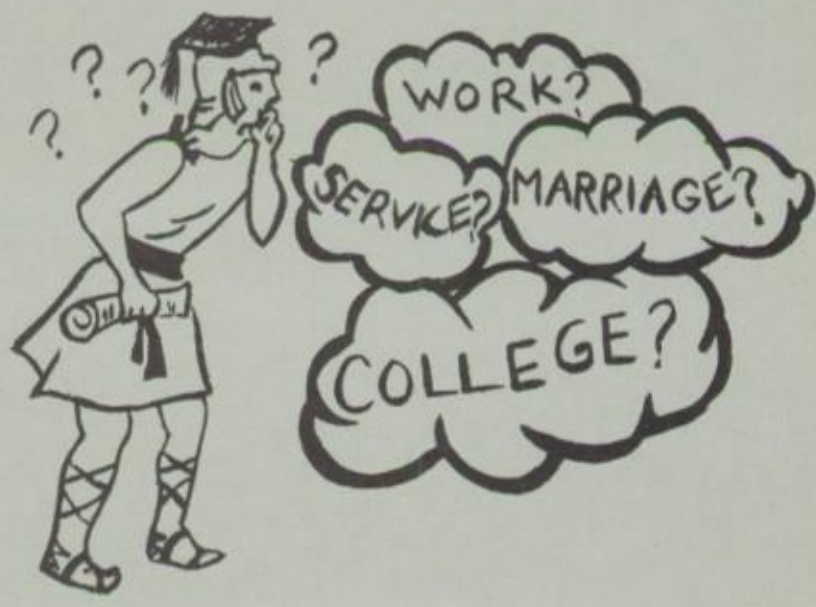
John,
You are a terrific person. If I can do anything to help, let me know. Best of luck at CSUN. Stay in touch, I want to know how things are going.
Mrs. Clark

Under the guidance of Mrs. Clark our Peer College Counselors are a real help in keeping us informed about colleges, universities, and entrance tests. And above all they helped us with our hair pulling college applications. So Thank-you Luis Ramirez, Ken Alvarado, Mark Kawaguchi, Bridget Mercy, Bruce Bentz, Sharon Tinkle, and John Jesson for all the time you've put in.



Standing: Valerie Bedard and Eileen Morales.
Upside Down: Bill Whitaker and Bruce Bentz.

We, the "Cool Patrol" of 1982 are the team. Through the pains, trials, and agonies of getting a yearbook together on time and up to our "high" standards, we took it in stride. Yet we did not rest, everyday we labored under a dictator, performing feats of manual slavery for Country and school. Never once did we falter, through the pressures of deadlines drove us to drugs (aspirins), drinking (lots of Dr. Pepper), and lots of other pleasurable diversions. But we met everyday with a smile, lots of pictures, pens, and calendars, and magazine articles. Without the generous help and understanding from Paul Collins, Jerry Mogalian, Kim Robinson, and their respected companies, for without their help this yearbook would never have been possible.

We especially thank Mr. Cole for having complete confidence in our ability to do a good job, and Mr. Atkinson, A.K.A. George, for pushing, screaming, biting, throwing temper tantrums, and doing bodily harm in order to get us on the right track. In closing, we wish to present this issue of Sylmar 1982 Yearbook to you the students of the one, the only, SYLMAR HIGH. Happy 20th birthday Sylmar High, your still in your youth.

With the closing of the school year, students and staff of Sylmar High School reflect upon their accomplishments. This yearbook has become our journal of these accomplishments, set in an artistic and literary style.

I am sure that each time you open this outstanding publication, you will be reminded of wonderful friendships, the terrific spirit of our students and the help and kindness of our great faculty.

Congratulations to the yearbook staff. Your dedication to Sylmar High School is reflected in this fine work and we thank you for these memories of the best high school in the district which is manned by the best staff for the best students and supported by the best parents in the city.

FOREIGN EXCHANGE

Hello, my name is Thijs Minderhout and I come from the Netherlands. I am here as an exchange student with Youth for Understanding. This organization placed me here in Sylmar. I think I was lucky that I was placed here, and I enjoy my exchange year here in Sylmar. I think the location of Sylmar is nice. You don't have to drive too far to go places that are out of the city, (like the Kern River, Big Bear, etc.), and you don't have to drive too far to go to places in the city where the action is, (like basketball games, concerts, Drag races, etc.).

One of the biggest differences between the Netherlands and America is the distances you have to drive to get somewhere. In the Netherlands, I had a bicycle which took me to almost all the places I wanted to go. But here, you need a car or a motorbike to go somewhere because most things are too far away to ride your bike to. Another difference is that there are more fast food places here than in the Netherlands. But the biggest difference is that the people in the Netherlands speak Dutch instead of English.

If you still associate the Netherlands with windmills, wooden shoes and people who stick their finger in a dike in order to save the land from flooding, you have the wrong impression of the Netherlands because it is a very modern country. I think it is just as modern as the United States. We even have a Dutch satellite in orbit around the world.

I really like my stay here, and I want to thank the teachers who had me among the students and who helped me to graduate, and Mr. Moss in particular, and of course, I want to thank the Robinson family very much, because they let me be a member of their family for a year, and took me on trips in order to let me see a lot of this country.

My address in the Netherlands is: Haymansraat 7,4335-C.V. Middelburg (Zld). En, tot besluit even in het Netherlands, wilde ik mijn ouders bedanken, omdat zij het voor mogelijk maakten om naar de vereenigde staten te gaan voor een jaar. And I want to finish by saying: "Hi Mom".

John:
It's been a cool semester and I've enjoyed it a lot. It's too bad you gotta leave! Have a helluva summer and I'll see you at a wedding invitation by June of next year!

Your favorite J.

John,

I may risk getting us both in trouble by telling you what a wonderful man you are. You've had the right combination of something to turn out perfect. I have no regrets about it now since we're both happily in love now, but there was a time I would have given my gold seal to have had the honor of a date with you, the big man on campus. Well, we're supposedly grown up now & we have to face the many responsibilities ahead, but it will be fun (sometimes, when we aren't having finals!) I do wish you luck in all of the complicated matters of life. You deserve a life with no more heartache. Take care John & please keep in touch.

Love
